Why is a residential so important?

- **Builds lasting relationships** (between children and with teachers) which foster a sense of pride and belonging
- **Boosts self-confidence** and creativity which supports academic learning
- **Creates resilience** – the capability to deal with set-backs, “bounce-back ability” and adapt to new challenges, “bounce-beyond ability”
- **Health-giving benefits**, physical fitness and psychological wellbeing
- Allows cross-curricular opportunities – builds bridges between real-life experiences in the outdoors to learning subjects in the classroom
- Challenges are matched to abilities which create a real sense of personal accomplishment
- Experience greenspaces and nature, appreciation and care for the environment

“In essence, outdoor adventure residential programmes represent an essential rite of passage for young people; building experiences, skill- sets and friendships that can last a life-time.”
Dr John Allan

Safety first

We know how daunting it can be letting your child go on a residential visit, so we do everything we can to make it a safe and enjoyable experience for everyone.

Policies and procedures ensure that the highest safety standards are maintained at all times including:

- Ongoing safety and first aid training for all our teams
- Equipment checks before every session
- Qualified first-aiders on centre 24/7
- All our staff are fully DBS checked

Staff create a warm, supportive environment so children quickly feel at home. All activities are progressive, allowing them to join in at whatever level they're comfortable with.

Staff have found the best way to help children cope with being away from home is to keep them busy, having fun from dawn 'til dusk!
